

## SHADED COLORS

### CAMEO

#### SHELL CAMEO

Undercoat: sparkling white with bright red tipping on the back, head, flanks and tail. Face and legs may be slightly shaded with tipping. Chin, ear tufts, stomach, chest and under the tail must be white. Eye color: deep orange or copper. **Nose leather and paw pads:** pink to rose in color.

#### SHADED CAMEO

Undercoat: sparkling white with a mantle of bright red tipping on the back, flanks, head and tail. Legs to be the same tone as face. Chin, chest, stomach and under the tail must be white. The general effect is to be much redder than the Shell Cameo. Eye color: deep orange or copper. **Nose leather and paw pads:** pink to rose in color.

### GOLDEN

#### CHINCHILLA GOLDEN

Cinnamon-gold, apricot-toned, or light beige (variations in between acceptable), lightly tipped with seal brown or black. The outline of the letter M is in the contrasting color of seal or brown on the forehead, with the muzzle, chin and ruff shading from white to cream or light beige. The end of the tail is a seal brown or black. Rims of eyes and nose outlined in seal brown or black. **Eye color:** green or blue-green. **Nose leather:** deep rose. **Paw pads:** seal brown or black.

#### SHADED GOLDEN

Cinnamon-gold, apricot-toned, or light beige (variations in between acceptable), with the seal brown or black tipping being heavier and the overall appearance darker than that of the Chinchilla Golden. The outline of the letter M is in the contrasting color of seal or brown on the forehead, with the muzzle, chin and ruff shading from white to cream with the chest and belly a warm cream or light beige. The end of the tail is a seal brown or black as if it had been tipped in black. Rims of eyes and nose outlined in seal brown or black. **Eye color:** green or blue-green. **Nose leather:** deep rose. **Paw pads:** seal brown or black.

### PARTICOLOR

#### SHADED BLUE-CREAM

Same as for Blue-Cream Smoke, but much lighter in overall color appearance, the degree of tipping distinguishing it from the Blue-Cream Smoke. Chest and stomach much lighter in color than the Smoke. **Eye Color:** gold to copper.

#### SHELL TORTOISEHELL

Undercoat: white. Coat on back, flanks, head and tail to be delicately tipped in black with patches or red and/or cream-tipped hairs as in the pattern of the tortoiseshell. Face and legs may be slightly shaded with tipping. Chin, ear tufts, stomach and chest white to slightly tipped. A blaze or red or cream tipping on the face is desirable. A blaze or red or cream tipping on the face is desirable. **Eye color:** copper or green. **Paw pads:** mottled.

#### SHADED TORTOISEHELL

Undercoat: white. Mantle of black tipping and clearly defined patches of red and cream tipped hairs as in the pattern of the tortoiseshell. Shading down the sides, face and tail from dark on the ridge to slightly tipped or white on the chin, chest, stomach, legs and under the tail. General effect is to be much lighter than the

Tortie Smoke. Blaze of red or cream tipping on the face is desirable. **Eye Color:** copper or green.

## **SILVER**

### CHINCHILLA SILVER

Undercoat: pure white. The coat on back, flanks, head and tail being sufficiently tipped with black to give a sparkling silver appearance. Overall effect to be very light and ethereal. The legs may be very slightly shaded with the tipping, but chin, ear tufts, stomach and chest may be pure white. Rims of eyes, lips and nose to be outlined in black. **Eye color:** green, brilliant blue-green shades preferred. **Nose:** center to be brick red. **Paw pads:** black.

**Objections:** obviously shaded face, barring, brown, blue, cream tinge or dark spots on the body or dark tip to the tail; extensive black running up the heels.

**Withhold wins:** yellow or hazel eyes in adults.

### SHADED SILVER

Undercoat: pure unmarked white with jet black tipping shading gradually down the sides, face and tail, from dark on the ridge to white on chin, chest, stomach, and under the tail. Legs and face to have evenly distributed shading of the same tone and slightly lighter than the ridge. The general effect to be darker than the Chinchilla Silver. Rims of eyes, lips and nose to be outlined with black. **Eye color:** green, brilliant blue-green shades preferred. **Nose:** center to be brick red. **Paw pads:** black or charcoal.

**Objections:** barring, brown, blue, cream tinge or dark spots on the body or dark tip to the tail.

**Withhold wins:** yellow or haze eyes in adults.

### SILVER TORTOISESHELL (Silver Cream)

Undercoat: pure white. Coat on back, flanks, head and tail to be delicately tipped in black with patches of cream tipped hair. Face and legs may be slightly shaded with black tipping. Chin, ear tufts, stomach and chest may be pure white to slightly tipped in black. A blaze of cream tipping on the face is desirable. **Eye color:** green. **Paw pads:** mottled.

## **OTHER SILVER COLORS**

### BLUECREAM SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with blue, mottled or patched with cream as in the pattern of the particolor, to give the characteristically sparkling appearance. **Nose leather and paws pads:** as in the solids; may be mottled with pink.

### BLUE SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with blue to give the characteristically sparkling appearance. Blaze of cream tipping on the face is desirable. **Nose leather: blue** or rose outlined in blue. **Paw pads:** blue.

### CHESTNUT SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with chestnut to give the characteristically sparkling appearance. **Nose leather:** cinnamon or pink outline in chestnut. **Paw pads;** cinnamon.

### CHESTNUT-TORTIE SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with chestnut, mottled or patched with cream as in the pattern of the particolor, to give the characteristically sparkling appearance. Blaze of cream tipping on the face

is desirable. **Nose leather and paw pads:** as in the solids, may be mottled with pink.

CINNAMON SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with cinnamon to give the characteristically sparkling appearance. Face and legs may be shaded with tipping. **Nose leather and paw pads:** pink.

CINNAMON-TORTIE SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with cinnamon, mottled or patched with cream as in the pattern of the particolor, to give the characteristically sparkling appearance. Blaze of cream tipping on the face is desirable. **Nose leather and paw pads:** as in the solids, may be mottled with pink.

EBONY SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with cinnamon to give the characteristically sparkling appearance. Face and legs only may be shaded with tipping. Rims of eyes, lips, and nose are to be outlined with ebony tipping. **Nose leather:** brick red. **Paw pads:** black.

FAWN SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with fawn to give the characteristically sparkling appearance. Face and legs may be shaded with tipping. **Nose leather and paw pads:** pink.

LAVENDER-CREAM SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with lavender, mottled or patched with cream as in the pattern of the particolor, to give the characteristically sparkling appearance. Blaze of cream tipping on the face is desirable. **Nose leather and paw pads:** as in the solids, may be mottled with pink.

LAVENDER SILVER

Undercoat: white. Coat on the back, flanks, head and tail to be sufficiently tipped with lavender to give the characteristically sparkling appearance. Face and legs may be shaded with tipping. **Nose leather and paw pads:** pink.

SHADED & WHITE

Any of the shaded colors with white. White on one-third of the body is desirable with four white feet, white chest and stomach. **Nose leather and paw pads:** mottled or pink.
