

HAVANA

Scale of Points (see also General Preface)

| | | |
|--------------------------------|----|--|
| <u>Head</u> | 15 | The head should be longer than it is wide with a distinct "stop" at the eyes. The head narrows to a rounded muzzle with a slight break behind the whiskers. Allowance is to be made for sparse furnishing on lower lip. Objections: lack of "stop" and Siamese type. |
| <u>Whiskers</u> | 5 | Same shade as coat. Objection: white whiskers. |
| <u>Ears</u> | 5 | Large, round-tipped with very little hair inside or outside. Wide set, but not flaring. |
| <u>Eyes</u> | 10 | Color should be chartreuse green, with darker green preferred. Shape should be oval. |
| <u>Neck</u> | 5 | Proportionate to the body Objection: Short neck. |
| <u>Body</u> | 10 | Body should be medium-length, firm and muscular. Objection: Siamese body type |
| <u>Legs & Feet</u> | 10 | Proportionate to the body, hind legs slightly higher; paws oval. |
| <u>Tail</u> | 5 | Medium in length and in proportion to the body. Objections: thick, short, or Siamese type. |
| <u>Color</u> | 15 | The entire coat should be the same shade to the skin. (See colors below.) Objections: undercoat of a lighter shade than the outer coat. |
| <u>Coat</u> | 10 | Medium in length and smooth Objections: dull, open or too close. |
| <u>Condition & Balance</u> | 10 | Coat must be glossy. Eyes must be clear. Objections: too fat or undernourished. |

COLORS

MAHOGANY BROWN

A shade of rich, warm mahogany brown, the same shade to the skin. **Nose leather:** must have a rosy tone. **Paw pads:** pinkish rose. **Objection:** black pads or nose leather.

LAVENDER

Frost gray with a pinkish tone, sound and even throughout, the same shade to the skin. **Nose leather and paw pads:** lavender pink.
