INSTRUCTIONS

1. Sections A, B, C, and D must be completed: print or type except where signatures are required.
2. To register litter as a unit only, **fee is \$15 (regular) or \$10 (CFF member)**. A pink slip will be sent for each kitten in the litter. This is the form for future registration of the kitten.
3. Breeders with a CFF cattery name, this will be first in any of your kittens' names. Please fill in your cattery name in the kitten name space choices at the top of the pink slip.
4. Section E is for individual registrations. IF you want to register a kitten from this litter at the same time as the litter registration, complete section E. Fee is an additional **\$15 (regular) or \$10 (CFF member)** per kitten registered.

NOTE: Per CFF Rules of Registration, a copy of the dam/sire's registration certificate will be required if registered in another registry and NOT CFF registered. Additionally, we may request further information, including a certified pedigree to determine eligibility requirements.

If you would like to prepay for the kittens' registrations, simply include the additional fees per kitten and the corresponding pink slip will be marked as "pre-paid". The new owner will then fill in the name choices and owner information. NO additional fee is required.
